

FABRICS by Polartec®, LLC (formerly Malden Mills)

The fabrics listed below are manufactured by Polartec, LLC. from polyester fiber. It is a pile fabric that does not shrink, pill, or pull out of shape and is comfortably worn next to the skin. It is warmer and lighter than wool. It absorbs less than 1% of moisture and dries rapidly. It is also called bunting pile. Uses: Excellent for jackets, both shell and linings, and bag liners where a soft pile is desirable. Most Rolls are 58-62" wide, with the stretch (Lycra) rolls narrower, more like 55-58" \$8.00 FOR SAMPLES OF FABRICS by Polartec, LLC. (currently on hand.)

Manufactures Please Note: Polartec, LLC. has restricted the use of all trademarks to those customers that have a trademark license agreement with Polartec, LLC. Therefore you may not use the words Polartec®, or Polartec® on any advertising or finished goods without the special consent of Polartec, LLC. You may use: "Fabrics by Polartec, LLC.", 100 weight type, 200 weight type, etc... If you have any questions please feel free to ask.

FABRICS ARE LISTED BY COLOR NAME AND Polartec, LLC COLOR NUMBER NOT ALL COLORS OR PRINTS ARE AVAILABLE IN FULL ROLLS. PLEASE ASK US FOR OUR FULL ROLL LIST
